The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential

Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

FOR IMPROVEMENT OF MILITIA

In his annual report, which he has just submitted to Gov. Swanson, and in which he treats elaborately of every feature of the operations of the State militia for the past fiscal year, Adjutant-General Anderson makes a number of important recommendations, which, he believes, will solve all the present difficulties, and place the organization upon a firm basis, where it will progress to a point of great usefulness and efficiency.

The following are among his recommendations.

"First—It is earnestly suggested that you will recommend to the Legislature the appropriation of the amount for the needs of the Virginia Volunteers of $50,000 per annum.

"Second—That the Legislature be asked to provide for the purchase and erection of buildings on a permanent camp ground, which should include a rifle range and the care of same.

"Third—Revision of State military laws so as to eliminate obsolete portions thereof and conform to modern requirements.

"Fourth—A law forbidding employers to discharge or otherwise punish any employee for attendance under orders or drills, or other duties required under the statutes.

"Fifth—A law requiring counties or towns in which companies are located to build sufficient accommodations in the shape of armories or other suitable places for the homes of the companies, and the preservation of the military equipment given by the United States, and for which the Commonwealth is at all times responsible."

CHARGED WITH HORRID CRIME.

State's Attorney Mustin A. Wilson is investigating the charge made in the ante-mortem statement of Webur Hite, who died recently at Cresaptown, Md., that while intoxicated his clothes were saturated with coal oil by a companion, who then set him afire. Hite lingered eleven days in agony after he was discovered in an abandoned hut and removed to his home. In his statement he accused George Hershberger, aged seventy, a former saloon keeper, with the crime.

On the night of October 11 Hite and Hershberger, with Joseph Grant and John Skelly, all residents of Cresaptown, went to a deserted cabin on the Winchester road, a quarter of a mile below Cresaptown, where John Skelly is alleged to have had secreted several gallons of whisky.

All that night, it is alleged, the men caroused and are said to have become very drunk. Early Saturday morning the cries of one of the men who had become partly sober attracted people passing, and upon entering the log cabin Wilbur Hite was found a mass of burns from the waist down. He was suffering great agony. A physician, who was summoned, found him unconscious. Every vestige of clothing had been burned off and the flesh seared to the bone.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee Imitation ever yet produced. Not a grain of real Coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by E. S. Leadbeater & Sons.

EXPERIENCE IN A MOTOR BOAT.

H. E. Foster, a Syracuse, N. Y., a medical student, and H. W. Remmer reached Syracuse Wednesday night from Kingston, Ont., after being storm-tossed in a motor-boat on Lake Ontario for 48 hours.

They had planned to come to Syracuse from the Thousand Islands with their boat and Saturday evening anchored off Oswego. They were awakened in the night by the rocking of the craft and found themselves out in the lake, beyond sight of land. For hours they tried in vain to make the engine work, and finally gave up the effort. The curtains of the boat served as a sail, carrying them swiftly in a direction they could not determine. The waves began to fill their boat and they rigged up a pump. At this time Remmer became exhausted and Foster pumped for 20 hours.

The men say they were seasick, hungry, chilled to the bone and thoroughly exhausted.

Early Tuesday morning they saw lights ahead and with poles as paddles managed to reach the shore about 4:30 o'clock. They found a farmhouse and later got their boat to Kingston, where it was laid up for the winter.

A Significant Prayer.

A HUSBAND'S CONFESSION.

After being convicted of manslaughter in the first degree, in aiding and abetting his wife to commit suicide, James Wardell, 24 years old, confessed yesterday in the Court of General Sessions in New York that he deliberately killed his wife After he had killed her, he said, he fired a bullet into her dead body to give the impression that she had ended her own life with a revolver.

When Wardell was tried last week he said that his wife had committed suicide. When he was taken before the court yesterday for sentence, however, Wardell, through his attorney, made a complete confession. His mind had been completely upset by his wife's misdoings, he said, and when she suggested that they should die together they readily agreed. He placed the gas tube in his wife's mouth, turned on the gas, and when she was dead his courage failed and he dared not end his own life. Then he thought to shield himself by firing a shot into her brain, to make it appear that she had committed suicide.

When the attorney had finished his story Wardell broke in with:

"Yes, that's all true; that's the way it was. If you are going to try me for murder, it is the same thing to me. Try me for murder. That's what I want. I want to die. I want to get out of it all and away from it all."

Sentence was deferred pending a decision as to whether an examination into Wardell's sanity shall be made.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

FRIDAY EVENING. NOV. 1, 1907.

THERE will be elections in thirteen States on next Tuesday. In Massachusetts, Rhode Island, Maryland, Mississippi, and Kentucky a governor and other State officers are to be chosen; in New Jersey, a governor only; in Virginia members of both branches of the Legislature; in New York, two associate justices of the Court of Appeals; in Pennsylvania, a State treasurer, and in Nebraska, a railroad commissioner and two regents of the State university. In Ohio, Utah and California municipal officers are to be selected, while in New York county a number of judges and a sheriff are to be voted on. In Massachusetts there are ten tickets, five being divided among democrats, who are engaged in a faction fight with the State delegation to the democratic national convention next year in prospective. The ballot law commission decided that Henry M. Whitney was the nominee for governor. In Nebraska the democrats and populists fused on the officials to be voted for throughout the State. In Maryland there will be a straight contest between the democrats and the republicans, only the two parties having made nominations for State officers. In addition to these, a house of delegates and one-half of the State senate are to be elected. The next legislature will choose a United States Senator to fill the the unexpired term of the late Arthur P. Gorman and another to succeed the first for the next full term. The local elections, particularly in New York county, Cleveland, Cincinnati, Salt Lake City and San Francisco, are of special interest this year. In New York county the republicans and the Independence League (Hears) forces have fused on the county ticket, which is made up of a number of court justices and a sheriff. This gives unusual interest to the contest, although the republicans named the head of the ticket, M. Linn Bruce, for justice of the Supreme Court; the most important office, that of sheriff, went to the Independence League, whose nominee, Maximilian F. Ihmsen, has been William R. Hearst's campaign manager in several campaigns. Of the ten judges nominated, the republicans named five and the Independence League five. In Cleveland Congressman Theodore E. Burton is contesting the mayoralty with "Tom" L. Johnson, who is understood to be the representative of W. J. Bryan, in Ohio, and to indorse Bryan's view on the subject of public utilities. There are four tickets in Salt Lake City, the American or anti-Mormon party having made nominations for local offices, as have the republicans and democrats and socialists. In San Francisco the democrats and the good government forces have combined and nominated the present acting mayor, who is opposed by a republican, as well as a union labor candidate, and the three-cornered fight is decidedly lively.

There have been many "off years" in politics, but it is hard to recall any other year in which interest in party contests has been so circumscribed and so perfunctory. Hardly anywhere is there an old-fasioned struggle in progress on broadly national lines, the few states which elect full state tickets having chosen, with all signs of deliberation, to subordinate national to local issues. It can be fairly said that hardly in a single commonwealth has a clear antagonism developed this year between republican policies in the national sense and what passes for up-to-date democracy. This, however, should not prevent every democrat from casting his vote for the regular ticket on Tuesday next.

The legislative election in Virginia finds the most remarkable campaign in the history of the State. In not a dozen districts has there been anything that has approached a campaign. In several districts in the south and southwest there are no candidates in opposition to the republicans, while in a great many more, in other parts of the State, the republicans have failed to recognize that an election is to take place. There are so few counties in which there is a struggle for the legislative honors that it can be said that there has been no campaign. The fights on are local, and these are so one-sided there is has no interest. From what can be seen at this time it is easy to see that the old men in each branch of the legislature will have control, though the percentage of old men returning is not very much more than a majority in the House. The fact that among the "others" are to be several republicans gives the old men a lead, however. In the Senate, eighteen old men will return, leaving the opposition and new men to constitute twenty-two of the total. Of these six are almost certain to be republicans, so that the old men in that branch will have enough to continue their organization, which means that Judge Mann will again be caucus chairman, despite the efforts of some new men to reorganize that body on, "reform" lines.

TWENTY MILLION DOLLARS was estimated today to be the least possible loss caused to date by the telegraphers' strike. Chairman Konenkamp made this statement for the executive board of the Commercial Telegraphers' Union in Chicago last night:

Fifteen thousand men and women have been on strike for nearly three months. The loss in wages alone has been $2,225,000. The loss in receipts to the telegraph companies is about $8,000,000 One cost of the strike to the Western Union has been the shrinkage almost to the vanishing point of a surplus of $17,000,000. The Postal has spent a surplus of $5,000,000. The greatest loss to both companies has been in the value of their stocks. The Western Union stock of $150,000,000 dropped 25 per cent. Postal stock went from 74½ to below 50. Both companies have lost prestige they will never regain. The public has been inconvenienced beyond money values. The gain to the strikers has been in education.

Napoleon Bonaparte in order to make an excuse for his disastrous Eastern campaign pretended that science had profited by his enterprise. Chairman Konenkamp says the strikers have gained in education. He may mean they are poorer but wiser by their experience.

From Washington.

[Correspondence of the Alexandria Gazette.]

Responses of national banks to the Treasury Department's recent appeal for more circulating medium continued to reach the Comptroller of the Currency today by mail, wire and by long distance telephone. Up to noon several hundred telegrams of inquiry had been received. It is estimated that at the present rate of responses, not less than $40,000,000 additional will be put in circulation within a week in the localities where the demand is now most pressing. Treasury officials, however, point out that there must be no relaxing. Many times that amount is desired. The present flurry may be met by two score millions, but it is deemed advisable to greatly increase the sum, so as to obviate the necessity of shifting government money already in public depositories to the aggregate of over $200,000,000. Although the recent flurry in New York city is almost considered "a closed incident" it is a fact that the customary exchange of credits and currency between the Metropolis and leading cities, has not yet been restored. The result has been a curtailment of trade throughout the country. Every effort is being directed by Treasury officials and leading financiers to cure this attack of partial paralysis.

There was a loss to the pension roll of 1,105 survivors of the civil war during the month of September, according to figures made public today by Commissioner of Pensions Warner. The number of pensions on September 30, was 964,815, a net decrease of 1,263 from August's record. Of the total, 640,639 were civil war survivors. Deaths among the veterans numbered 2,261 during the month, but the names of 1,359 were added to the rolls.

Paul Morton, head of the Equitable Life Assurance Association and former Secretary of the Navy, was present at today's Cabinet meeting. The supposition is that he told the President and his advisers all about the financial situation in New York. "I believe that every day now bring us nearer to better times," he said, after he left the President's office. And added that he thought the worst was over.

Miss Mary Elizabeth Allen, a white woman, aged 82 years, of Clifton, Va., was found wandering about the streets today in a dazed condition. When questioned, little could be learned from her. Rev. James Blake, of Christ Church, George town, took the old lady in charge until relatives can be heard from.

Leaders in national finance are determined that when Congress meets it shall, if possible, be induced to establish a great central bank of issue.

It is asserted here that the statements issued showing a balance of trade in favor of this country are false and that as a matter of fact the United States is indebted to Europe to the extent of $104,000,000.

Secretary Taft's retirement from the field as a Presidential candidate is declared by many here to be a probability and that President Roosevelt will again be the candidate.

RIOT IN NORFOLK.

A riot last night in the "black belt" of Norfolk required the efforts of Police Captain Cuthriell and twenty reserves to quell. One negro, Lel Wilson, was killed, and half a dozen other negroes and two policemen, Godfrey and Martin, were injured.

While Godfrey and Martin were passing down Princess Anne avenue they heard cries of "Murder!" from a negro, who was being chased by Lel Wilson, who had a knife in his hand. Wilson was about to plunge the knife into his victim when the officers interfered. Wilson picked up a broken bottle, with which he struck Martin.

He then ran toward Godfrey with the knife still in his hand. Godfrey called on him to halt, and, the negro refusing, the policeman fired, the bullet passing through Wilson's heart.

A great crowd of negroes, men and women, at once swarmed around the officers, threatening to kill them. The officers were struck with brickbats, spikes, and other missiles. They used their night sticks vigorously, and had succeeded in laying out a half dozen men when the reserves, in response to an alarm that had been turned in, arrived on the scene. They formed a flying wedge, went through the riotous mob, rescued the two sorely pressed officers, and put the negroes to flight after making many arrests.

SENTENCE COMMUTED.

The Berlin correspondent of the London Standard says that the Grand Duke of Baden, acting on the advice of the minister of justice, has decided to commute the sentence of death passed on Karl Hau, formerly professor of Roman law at George Washington University, District of Columbia, for the murder of Frau Molitor, his mother-in-law, to penal servitude for life. This decision is regarded as being based on the view that the evidence adduced at the trial was not sufficient to justify Hau's execution. Moreover, the grand duke, having just succeeded to the throne, does not wish to begin his reign by signing a death warrant. Hau will shortly be removed to the penal settlement at Bruchsal.

The Attorney General is considering the propriety of making public a sensational report on peonage practices in several southern states, submitted after a personal investigation by his special assistant, Mary Grace Quackenbosh.

Fifty leading business men of Wilmington, N. C., yesterday sent a dispatch to Governor Glenn, urging him in his conference today with Governors Smith, of Georgia, and Comer, of Alabama, to restore confidence by working for an equitable adjustment of the rate controversy.

Fourteen opinions, in as many cases on appeal, were delivered by the Supreme Court of North Carolina, yesterday. However, the anxiously awaited ruling in the famous case against the Southern Railway, in which Judge Long imposed the $30,000 fine for violating the 2 1-4 cent passenger rate act, was not among the number.

The real reason why Secretary Taft will adhere to his original plan of visiting Berlin before the return of Kaiser Wilhelm from England, is explained in official circles in Washington to be for the purpose of avoiding possible jealousies at Paris and London. A dispatch was received from the French government yesterday inquiring regarding the secretary's itinerary, and it is possible that he will conclude to visit Paris, also.

The yacht Kingdom, with sixty members of the Holy Ghost and Us colony, at Shiloh, Mo., on board, and a crew of twenty, sailed early yesterday from South Freeport for Jerusalem. Among the number was Charles E Holland, who is known as "Moses," and who, in the absence of the leader, Rev. Frank W. Sanford, has been in charge of the colony. It is understood many of the disciples will not return, but will remain at one of the colonies in the Holy Land, where Mr. Sanford is now supposed to be.

Dr. Seth D. Close, who had a large practice and many friends in New York, committed suicide with strychnine at his home Tuesday afternoon. The physician and his wife were discussing earnestly whether they would recover a large sum of money in a trust company which had closed its doors. Suddenly Dr. Close left his chair, leaned over his wife, kissed her, said "Good-by," affectionately and hurried from the room. Before she could recover from her surprise, the doctor locked himself in the bath room. Then he immediately took the fatal dose.

Virginia News.

Thomas Chapman, one of the oldest residents of Frederick county, died at his home at Relief Wednesday night, aged eighty-three years.

The City Council of Fredericksburg has adopted a rate of $1 per thousand feet of gas to consumers in that city hereafter. The price has been $1.25.

A message from Lebanon states that James Price shot and killed J. H. Rhodes yesterday afternoon, and then escaped. No information regarding the cause of the killing was available last night.

Frederick Boxwell, son of Charles Boxwell, for many years manager of Rosemont Stock Farm, at Berryville, died suddenly Wednesday while at work. Heart disease was the cause. Mr. Boxwell was fifty-four years of age.

Following the death, at Sowers, Sunday, of Merritt Underwood and the marriage Wednesday of his widow to a man from West Virginia, the charge of murder has been brought against the woman and her husband. They were arrested yesterday as they were leaving Sowers.

At Boydton, Mecklenburg county, the suit of Mrs. Ida M. Allen against the Southern Railway for $30,000 for injuries sustained in a wreck on said road on the 15th of August, 1906, near South Hill, was brought to a close Tuesday night. The jury returned a verdict placing the damages at $9,000. An appeal will be taken.

Though in a precarious condition and with almost every chance against her, Mrs. J. E. Patterson, the young woman who was accidentally shot by her sister, Mrs. L. M. McDonnell, in Richmond, Tuesday night, has issued a statement in which she fully exonerates the latter from any criminal intent of purpose to do her an injury.

Gold Shipment.

London, Nov. 1.—The Lusitania will sail tomorrow with $10,000,000 in gold, consigned from the Bank of England to New York. The consignment is the record single shipment.

Bank Failure.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 1.

The Peoples Bank, of Portsmouth failed this morning. It was established in 1893. It had a paid up capitol of $50,000 and its deposits are estimated at $470,000.

Attempted Double Suicide.

Springfield, Mass., Nov. 1.—A couple who registered as R. Kerwan and wife were victims of a double shooting at 3 a. m. today in a room in the Highland Hotel. Both were wounded by shots from a 32-calibre revolver. From what can be learned the woman fired the first shot in an attempt at suicide. The bullet took effect in the breast. Her companion then seized the smoking revolver and inflicted a similar wound in his own body. Night clerk Melaschowsky at the sound of shots rushed to the third floor. The couple lay upon the floor with gaping wounds over their hearts. The police were summoned immediately and officers were quickly on the spot. The policemen asked the couple, both of whom were conscious, who had fired the first shot. "I did," it is alleged the woman said.

The man, it is said, told the officers that he had taken the revolver from his wife's hand and fired the shot in his own body. The shots had been fired at such close range that the clothing of both was scorched. According to the story told the police by Kerwan the woman was his wife. Mrs. Kerwan declared to the police that her husband had been told by his physician that he could not live. "I didn't want to live alone," said Mrs. Kerwan, "and so I shot myself."

Echoes of Halloween.

Chicago, November 1.—Olive oil, flour and water paste and other remedies were in urgent demand at the Vanston Police Station this morning, where 13 Northwestern University students were nursing bruises and burns received in their annual halloween raid on Heck Hall last night. Eight "Theologies" are recovering from the shock of a sudden bath in Lake Michigan which they took at the bequest of a squadron of attacking party who captured them as they emerged to give battle. The Theological students were looking for the "rush." Great quantities of water were kept boiling and hose were laid from the tanks to the windows, where the streams were directed with telling effect. The fierceness of the battle caused Dr. Little, vice president of the Garrett Biblical Institute, to call the police. When the "cops" arrived they, too, came in for their share of the hot water before the Theologians recognized them as a relief party. The University authorities will prosecute the thirteen students under arrest.

The Disappearance of Hitchcock.

New York, Nov. 1.—Police Commissioner Bingham expects to receive a report today by wireless from the captain of the steamship Majestic as to whether Raymond Hitchcock, the missing indicted comedian, is on board, and the commissioner expressed great doubt as to whether he could be extradited if he is on the ship.

The charge of criminal assault, the chief charge against Hitchcock, is not extraditable from England.

If he should be extradited on any other charge, he could be tried only on the charge for which he is extradited. In such event if he should be cleared of the charge on which extradition was made, no other charge could be prosecuted against him until ample opportunity is given for him to return to England.

In view of these facts, the wireless message from the captain of the Majestic is awaited with much eagerness.

Telegraph Companies' Denial.

New York, Nov. 1.—Officers of both the Western Union and Postal Telegraph companies today took vigorous exception to a statement of their loss incurred during the operators' strike, as set out in a statement by Chairman Konenkamp, of the telegraphers' union in Chicago. Denial was made that there has been a slump in their stock such as Konenkamp described. While their shares have fallen off a little, officers of both companies said this was due to the financial troubles which have carried down all stocks. Konenkamp's statements that the Western Union has practically exhausted a surplus of $17,000,000 and that the Postal has spent its surplus of $5,000,000, were also denied.

Strike Ordered.

London, Nov. 1.—The advisory committee of the railway employes' union adopted resolutions this afternoon calling on the executive board to order a strike on all English lines. The date is to be fixed by the executive committee. The men demand higher pay and shorter hours, and have just completed a referendum vote on the question of a strike.

The railroad directors say compliance would wipe all profits on many lines. They cannot concede the walkout will tie up transportation throughout England. About 250,000 men will be involved. They are provided with a campaign fund of more than $1,000,000.

Pleas for Dry Sunday.

Chicago, Nov. 1.—Pleas for a "dry Sunday for Chicago" will be made by 1200 or 1300 pastors of Chicago in as many churches Sunday, November 24, recognized as "World's Temperance Sunday" in many of the churches. The petition to the pastors is signed by officers of 19 churches, temperance, law and order and improvement associations which are federated with the Chicago law and order league. It is said an effort will be made to spread the movement throughout the state.

Will Bring Suit.

Berlin, Nov. 1.—The state's attorney, who has hitherto refused to bring proceedings against Editor Maximilian Harden, of the Zunstunft, for the latter's attack on General Count Von Moltke and other "Knights of the Round Table," has finally consented to bring suit against the editor before a bench of five judges. He is said to have reached the decision as a result of representations that Von Moltke was not given a fair chance to submit all his evidence at the libel trial.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

The Mutiny at Vladivostok

Vladivostok, Nov. 1.—The crew of the torpedo boat destroyer Skory was not alone in Wednesday's mutiny. The Skory, Trevoshny and Serdity hoisted the red flag simultaneously.

On the Skory the commander was slain and the other officers overpowered. The entire crew of fifty were included in the uprising and the fighting was brief.

There were loyal sailors, however, on the destroyers Trevoshny and Serdity, who rushed to their officers' assistance. The fight was desperate for a time, but the loyalists were victorious.

But for the delay the Skory would have been sent to the bottom almost immediately. The battle on the Trevoshny and the Serdity gave the third destroyer time to steam from the quay into the harbor, however, and to fire repeatedly into the town.

The damage to the city was far greater than the military authorities have hitherto permitted to become known. Many of the largest buildings were partly demolished by the shells. The extent of the loss of life is concealed by the commandment, but a large number of soldiers and civilians are known to have been killed or wounded.

Many of the mutineers committed suicide before the Skory reached shore. The number killed in attempting a landing was comparatively small, the crew having been almost shot to pieces or blown into the air by the time the boat reached the beach.

The survivors among the mutineers on the Trevoshny and Serdity are under arrest and all will probably be shot.

The Pennsylvania Dividend.

Philadelphia, Nov. 1.—The Pennsylvania Railroad today declared the usual semi-annual dividend of 2 1-2 per cent.

While the dividend was maintained President McCrea is authority for the declaration that in view of the unsatisfactory outlook for raising new capital in 1908 it will be necessary for the road not to begin any new work or commit itself to any new capital requirements except those needed to economically handle traffic.

This means work will not even be pushed on the New York tunnel extension or other incompleted improvement has vigorously as had been done. It is hoped, however, that tunnel work can be continued and steel for the new terminal in New York erected without great delay.

Prof. Hau's Sentence.

Karlsruhe, Nov. 1.—The death sentence against Prof. Karl Hau, of Washington, D. C., is about to be commuted to life imprisonment, and it is generally believed that this will be a mere preliminary to releasing him altogether.

Though no official action has been taken as yet toward the commutation the Grand Duke of Baden has informally announced that it will be granted on the strength of a recommendation from the minister of justice, who has been examining the evidence on which Hau was convicted of murdering his mother-in-law, Frau Molitor.

While the minister is understood to have declared the circumstantial evidence was strongly against the prisoner he does not believe it warrants a conviction.

Kidnapped by Black Hand.

Palomo, Italy, Nov. 1.—Members of the Mafia have kidnapped the 17 and 19 year old daughters of a rich manufacturer here, and notified the parents that both young women will be killed unless a heavy ransom is paid for them. The two girls were snatched from their mother's side on one of the principal streets of Palomo last evening, hustled into a carriage driven away. The first communication came from the kidnappers today. The police are scouring the entire city and vicinity, but thus far without clues.

Verdict for $460,000

New York, Nov. 1.—A verdict for $460,000 was returned in the Supreme Court today against Joseph Ramsay, former president of the Wabash Railroad, in favor of John S. Jones, a financier and coal land operator, growing out of the famous Kanawha coal lands in Ohio. Jones claimed that Ramsay obtained options of 50,000 acres of coal lands in southern Ohio which the Kanawha syndicate was to take over. He sued for money paid by him for lands and a balance for commissions, expenses and interest.

Knoxville Dry.

Knoxville, Tenn., Nov. 1.—Knoxville is dry today. Last night was easily the most evently holloween in the history of the city. At midnight the 115 saloons and wholesale liquor houses closed their doors, for at that hour the new city charter for Knoxville went into effect, and by its provisions saloons cannot longer exist in this city. The sales of liquor yesterday literally cleared many saloons of their stock.

Reports Exaggerated.

Newbokhara, Turkestan, Nov. 1.—Late advices from the vicinity of Karatagh indicate previous reports of the loss of life by the mountain slide upon the town to have been much exaggerated. About one-third of the town escaped destruction and the number of killed will probably not exceed a few hundred. The survivors are without food or shelter, however.

Discharging Steel Workers

Harrisburg, Pa., Nov. 1.—The Pennsylvania Steel Works, one of the largest concerns in the country, began laying off employes today. The exact number dismissed is not known, but rumor has it that a considerable number of hands were let out. Scarcity of work for the employes is given as the cause of discharges.

Rate Conference

Atlanta, Georgia, November 1.—For the purpose of agreeing on a compromise rate of 2 1-2 or 2 3-4 cents per mile, Governors Smith, of Georgia; Glenn of North Carolina, and Commer of Alabama, are in secret conference today discussing state and interstate railroad passenger rate.

Postponed His Departure.

Manila Nov. 1.—To help Governor-General Smith solve some puzzling administrative problems, Secretary of War Taft has postponed his departure from the Philippines almost at the last moment, until November 9.

The secretary was actually packing, when the Governor-General prevailed on him to change his programme. While he had taken no part, officially, in the affairs of Government, beyond making the address at the opening of the insular assembly, the island administration has seized greedily on a number of his suggestions and wants him to make more.

Through after-dinner speeches and other informal talks he has done a great deal too, toward removing friction between the natives and American residents on the islands.

"So I'm not going to leave here until a week from tomorrow," he decided today, "which means that I cannot leave Vladivostok until November 19. I shall stop at St. Peteraburg and Berlin, but both visits will be purely unofficial. Reports that I have government missions are altogether without foundation.

The secretary has already notified Washington by cable of the change in his plans. General Leonard Wood will remain in the Philippines until February.

Emperor William's Health.

Berlin, Oct. 1.—With an intimation that the Kaiser may give up his widely advertised trip to England for a meeting with King Edward comes the first definite news that the German ruler's health has been worrying members of his family, his close advisers and his physicians for some time.

No definite information is given out concerning the nature of his complaint, a fact which serves rather to heighten than allay alarm concerning him. Every report that his majesty is indisposed serves to revive stories of the throat trouble with which he was afflicted for a time several years ago together with sinister reminiscences of the last illness of his father, a cancer victim.

That such symptoms have appeared in the case of the present Kaiser is not even intimated. The news is limited to the mere statements that the English trip may be abandoned and that his majesty's poor health is the reason for it.

Fire in Pittsburg.

Pittsburg, Pa., Nov. 1.—A panic, other than financial, occurred in the heart of the Wall street of Pittsburg this morning, when fire broke out in the Shannon building at 326 Fourth avenue. The flames were confined to the top or sixth floor and were under control shortly after the arrival of engines responding to the second alarm. The loss will probably be about $10,000. A match or lighted cigar thrown into a waste paper basket is said to have started the fire.

Records Stolen.

Chicago, Nov. 1.—Secret correspondence between Attorney General Bonaparte and District Attorney Sims, concerning the John R. Walsh Bank failure case, is reported missing and chief stenographer Etta McLean and A. B. Gordee have been arrested charged with conspiracy to steal government records.

Killed by Discharged Workman.

Rome, Nov. 1.—Director Enrico Seampon, of a large factory at Monza, the Pope's favorite nephew, has been shot dead by a discharged workman. Pope Pius has been informed of the tragedy and is inconsolable. The murderer was arrested.

New York Stock Market.

New York, November 1.—Announcement of the declaration of the regular Pennsylvania Railroad dividend was followed by an advance of 1¼ in the stock at the opening of the stock market. Elsewhere price movements were irregular. The general list, however, showed a steady undertone. The market ruled quiet all the first hour with the only feature the buying back of stocks that were sold on the predictions of disaster current in the last hour of yesterday's trading.

The market continued quiet and without feature after the first hour, but a mid-day prices were generally slightly above yesterday's closing. Call money was easy and end banks credits could be obtained at the rates from 10 to 20 per cent. Commission houses with extensive branch systems stated that their business has been brought to a complete standstill by the conditions of domestic exchange.

HITCHCOCK HEARD FROM.

Raymond Hitchcock passed through North Adams, Mass., with two companions on the Harlem Express that reached that city at 2:25 o'clock Thursday afternoon, and took the trolley to Bennington, with the evident intention of getting to Canada by the quickest route. The fact is vouched for by a New York man, who was on the train and recognized the actor. It is said that, with with two companions, Hitchcock boarded the 8:45 train Wednesday morning from New York, on the Harlem division of the New York Central. They gave the conductor tickets for Springfield, and seemed surprised when told that they were on the wrong train.

Hitchcock then asked the nearest route to Manchester or Rutland, Vt., and was told to go through to North Adams and take the trolley to Bennington. Thereupon the three paid cash fares to the conductor.

Uncle Remus's Magazine for November has been received from its publishers in Atlanta. The magazine shows great improvement, typographically and otherwise, in each number and its circulation is becoming widespread. Joel Chandler Harris, the editor, contributes this month an ingenious, whimsical editorial, an "Uncle Remus" story, and, as "Mr. Sanders," discusses modern business methods. "The impending crisis, fifty years after," "From the New York viewpoint," "A glance in passing" and "The theatrical season" are articles of interest. Don Marquis reviews new books and the fiction and verse are above the average.

THE ELECTRIC RAILWAY.

The Washington, Alexandria and Mount Vernon Railway Company has notified the public through conspicuous sign boards that beginning October 1st, 1907, trains for Washington will run on "Cameron" street, and about the same time put into service a local car for the purpose of conveying persons along King street to and from the wharves and "Union Depot," but up to the present time the travelling public has been given no guide as to the purposes for which car No. 6 is intended or any intimation of the schedule to be observed. A simple time table board giving the hour of starting placed at the terminals would be information for strangers. An appropriate lettering on the car would do away with the misleading service that now exists, a subject which should be of interest to our zealous board of trade.

ALL SAINTS' DAY.

The Feast of All Saints was observed today in St. Mary's Church. Tomorrow will be observed as All Souls' Day. As stated yesterday the Feast of All Saints occurring this year on a fast day (Friday), Pope Pius issued a special edict granting a dispensation from abstinence for today. A copy of the edict was sent to Cardinal Gibbons, who, through his secretary, notified the pastor of St. Mary's Church. Services were held in that church today as follows: Masses at 6 and 8:30 a. m. Immediately after the 8:30 o'clock mass there was an exposition of the blessed sacrament. At 8 p. m. there will be league devotions, benediction, and exposition of the blessed sacrament followed by a short instruction on the intention for the month of November. Tomorrow, All Souls' Day, there will be low mass at 6:30 a. m. and high mass at 8 a. m.

All Saints' Day is held in commemoration of all saints who are not commemmorated on other feast days. In the Protestant and Reformed Episcopal Churches the festival also combines in a measure the idea of all Souls' Day. In the communion service, besides memorializing before God the lives of martyrs and confessors and the great army of faithful souls of every age and clime, special attention is devoted to the memory of the deceased held dear by ties of kindred and affection.

The object of All Souls' Day, as observed in the Catholic churches, is to alleviate by prayers and almsgiving the sufferings of souls in purgatory. For a long time no special day was appointed for the commemoration of all the departed who have not attained to perfect life. Among the early Christians the names of the deceased were entered upon the diptychs, or lists used at the altar, from which the priest read the names of those for whom he was required to pray. In the sixth century it was customary in Benedictine monasteries for a commemoration of all the departed brethren to be held at Whitsuntide. In Spain the memorial of All Souls was celebrated in the time of Saint Isidore on the octave of Pentecost. Saint Odilo, of Clugny, in 998, ordered that in all monasteries affiliated to Clugny the commemoration of All Souls should occur on the day following All Saints' Day. Thence the observance of November 2 as All Souls' Day spread throughout Christendom.

SITE OF CINCINNATI AT STAKE

Capt. Robert E. Lee was appointed administrator de bonis non of the estate of Gen. George Washington at Fairfax Court House, Tuesday, when as stated yesterday the first step was taken, it is said, by the heirs of the estate to lay claim to the territory embracing the entire city of Cincinnati, the suburbs and several adjacent counties. The attorneys in the case, besides Capt. Lee, are Greenlee P. Letcher, son of former Gov. Letcher, of Virginia, and Capt. Nelson W. Evans, of Cincinnati. Among the heirs of the estate are said to be Lawrence Washington, formerly of Alexandria, and F. W. Washington, of Lexington. Sometime after the close of the revolutionary war, it is declared, the land in question was voted to Gen. Washington by Congress as a compensation for his services. Now, it is alleged, the heirs of Washington will contend that he agreed to accept the land. It is hardly hoped by the heirs to recover the specific tracts of land granted to Washington, since there were, through a mistake, subsequently granted to actual settlers upon them. But in default of such recovery the heirs expect to obtain from Congress a sum of money equivalent to their value,—whether their value at the time the grant to Washington or at the present time is not known. If the heirs should be awarded by Congress the present value it would run up to hundreds of millions, as the site of the city of Cincinnati is embraced in one of the grants.

HALLOWE'EN.

So far as can be learned, no material damage to property resulted from the celebration of Hallowe'en last night, although there was about the average mischievousness indulged in by numbers of the younger generation, many of whom diverted themselves by throwing flour, potatoes, turnips and other vegetable missiles. In some instances they knocked on doors and made their presence known by other annoyances. Several barrels of flour were wasted in the senseless procedures, and this morning the condition of certain neighborhoods was suggestive of a snowfall. Occasionally enthusiastic individuals wearing masks were encountered on the streets. All the policemen of the city were on duty up to 11 o'clock last night, and they effectually curbed the more disorderly element.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Griffin, charged with vagrancy, was sent to jail for 30 days.

Frank Ramsan and Mary H. Smith, both colored, charged with disorderly conduct and fighting, were dismissed.

William Goings, colored, charged with assaulting Lizzie Goings, was fined $5.

Stephen Davis, charged with the larceny of $100 from Robert Grady, colored, was dismissed.

EXTENDING WATER MAINS.

The work of laying water mains by the Alexandria Water Company, in Del Bay, Alexandria county, preparatory to furnishing that suburb with city water, is progressing rapidly. Mains have already been laid on Peyton avenue and the work of laying them on Howard avenue is nearly completed. Within a comparatively short time the residents of that county will be supplied with city water.

There will be a game of foot ball played on Colross Saturday evening at 4:30 o'clock between the Alexandria Athletic Club and the Gibson's Regulars. Great rivalry exist between these two teams and this game is for the championship of Alexandria and vicinity.

ACCUSED DISMISSED.

Stephen Davis, who was arrested yesterday by Officer Garvey at the instance of Robert Grady, colored, who charged him with the theft of $100, was arraigned in the Police Court this morning. The complainant was represented by Mr. W. U. Varney and Mr. L. H. Machen appeared for the defendant. Grady, who owns the sloop Waterlily, alleged that he turned the boat over to Davis for the purpose of proceeding down the river and purchasing a cargo of oysters, and that he gave him $100 with which to purchase the bivalves. He claimed that Davis failed to make satisfactory returns. Davis, on the other hand, admitted having received the money, but urged in his defense that the sloop, by an accident, was run on a pile and sunk, and that a portion of the $100 was spent in raising the boat and bringing it to this port. He also alleged that previous to the departure of the sloop he spent about $45 in tackle, paint, provisions, &c. The accused produced receipts showing certain expenditures. Justice Caton, in summing up the case, said it was a matter more suitable for a magistrate's court than before his bar. There was, he said, no evidence of criminal intent, and as there was nothing to show that Davis was acting it the capacity of an agent, but that he had agreed to make the trip on shares, or as a partner in the enterprise. He had accounted for about three-fourths of his expenditures by showing receipts. The justice, therefore, dismissed the accused.

THE PASSION PLAY.

The Alexandria Amusement Company will, beginning on Monday next, produce in moving pictures the Passion Play of Oberammergau at Nos. 424-426 King street. This will afford all who desire to do so an opportunity to witness one of the most interesting and instructive panoramas in the world. The Passion Play is repeated in Oberammergau every ten years, and people from all lands witness it. There will be two exhibitions of the play by the company each day—afternoon and evening—and the pictures will be produced but three days.

The company will tonight present three separate reels of films, two entirely new. By request "The Police Dogs of Paris" will be repeated. This is a very interesting picture and is worth more than the price of admission.

U. D. C.

A business meeting of the Womans' Auxiliary to R. E. Lee Camp was held last night in Confederate Veteran's building, Mrs. E. H. O'Brien, the president, presiding. The meeting was well attended and was interesting throughout, and the members were much encouraged by the reports read. Plans were submitted for the cases to be placed in the museum. The rooms on the second floor have been converted into one large spacious hall, handsomely papered and painted. When the cases, containing its relics, are put in position, there will be a Confederate museum, which will compare favorably with any in the dear old Southland. The Auxiliary will hold their annual oyster supper in December to which will be added a cake and candy sale and other attractions.

The committee on public property met last night and recommended to Council an appropriation of $200 for putting in order the Common Council chamber.

WHARF LEASED.

The Potomac Navigation Company, now running the steamer Trenton on the lower river route, has leased the old Reardon wharf (owned by Mr. Walter Roberts) between King and Prince streets, and the Trenton will in future arrive at and depart from that pier. Mr. S. E. Lindsey has been appointed the Alexandria agent for the steamer. The Trenton is rapidly growing in favor among the shippers and the traveling public.

PURCHASES RICHMOND'S INTERESTS.

Mr. Robert S. Barrett, who announced several days ago that he would publish the 1908 edition of the Alexandria City Directory, has purchased the copyright and all other interests of A. L. Richmond, who has published the city directory for the past 14 years. Mr. Richmond will retire from this territory.

TERRIBLE ACCIDENT AVERTED.

Morris Holmes, an adventurer, who has deserted his wife, has fallen in love with Stella Derrom, daughter of Col. Derrom, one of the leading lawyers of New Orleans. He invites her to take a ride. The horse takes fright, and to save himself he leaps from the buggy, and leaves her to her fate. The horse is now going at breakneck speed, and in another moment the life of Miss Derrom will be crushed out. Just then Franz von Altenheim rushes to her aid, stops the runaway, but not before the horse does his deadly work, and Franz is nearly trampled to death. This will appear in the "Merry Cobbler," at the Opera House, November 12 and 13.

CLOSING OF SALOONS.

In accordance with the vote of the people of Bristol, Tenn., and the provisions of the Pendleton law in Tennessee the remainder of the 25 saloons Bristol had a few months ago closed their doors permanently at 7:30 o'clock yesterday evening.

The number of saloons closed yesterday evening were 13, and from this time forward both Bristol, Tenn., and Bristol, Va., will be without liquor houses. The last week of these houses was a rushing one, and many thousands of gallons of whisky were shipped out or carried away to all parts of east Tennessee and southwest Virginia. It was interesting to see the trains going and coming. Every one was crowded to its utmost capacity, while the express shipments of whisky amounted to truckloads daily.

The temperance people of Bristol will return thanks on Sunday next for the passing of saloons in Bristol. It has been arranged to hold what are known as field-day exercises when all the pulpits of the city will be occupied by prominent temperance orators. State Superintendents W. R. Hamilton and J. W. West, of Tennessee and Virginia, respectively, are to be there.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by E. S. Leadbeater & Sons.

LEMON JUICE WILL CURE CATARRH.

"Lemon juice, when snuffed in the nose, will cure the most obstinate case of catarrh," said L. R. Owen, of Springfield, Ill. "The operation is a painful one, but if one can stand it a cure will most assuredly follow. Of course, the tarty juice burns for a second like wildfire, and the patient must be nervy or the remedy will cause much bad humor. Five years ago I took a trip to Europe. On my way over I suffered terribly from nasal inflammation. The ship's steward took a great interest in me. He had been travelling the waters for forty years. He said he first learned of the remedy on the island of Sicily. He insisted that I snuff lemon juice up my nostrils. I did so, protesting, but in three days I was in a normal condition, with all inflammation gone. I used it several times since, with excellent results.—[Nashville Tennessean.
